AFI 10-414, 1 December 1996, is supplemented as follows:

SUMMARY OF REVISIONS

A bar (|) in the left margin indicates revised material.

NOTE: Submit recommendations for changes or improvements of this supplement to AETC AOS/AOF, 1 F Street, Suite 2, Randolph AFB TX 78150-4325. Notify AETC AOS/AOF of omissions or conflicts with other Air Force instructions.

1.2. The focal point for processing requests for combat communications resources is AETC AOS/AOF.

2.1.2. AETC bases will add the following AUTODIN message addresses to those shown in the basic instruction:

MAJCOM OPR:

AETC AOS RANDOLPH AFB TX//AOF//

MAJCOM ATCALs OPR:

AETC AOS RANDOLPH AFB TX//AOF//

MAJCOM Frequency Manager:

AETC CSS RANDOLPH AFB TX//SCYR//

MAJCOM Weather OPR:

AETC AOS RANDOLPH AFB TX//AOW//

INFO (as appropriate):

Numbered Air Force OPR (for example, 19 AF RANDOLPH AFB TX//DOO//)

NOTE: AETC's Air Traffic Services OPR is AETC AOS/AOF.

3.3. For ATCALs support (TACAN, ILS, ASR, or PAR), submit the request through operations squadron commander and operations group commander before sending it through the wing commander.

5.6. If the requested equipment is a radio frequency (RF) emitter (TACAN, PAR, ASR, etc.) that cannot be tuned to the exact parameters of an existing frequency assignment at the deployment location, send an action copy of the request through the base frequency manager to the command frequency management office (AETC CSS/SCYR), along with a standard frequency action format request for a temporary frequency assignment. (**NOTE:** Frequency assignment requests in Federal Aviation Administration (FAA) controlled bands may require 180 days advance notice for approval.)

A2.21. Requesting base resource advisors provide fund cites for deployment. Submit requests for reimbursement to HQ AETC/FMA as unfunded budget execution report requests. AETC AOS/AOF (ATCALs) and AETC AOS/AOW (Weather) program element monitors (PEM) will seek funding to reimburse the base.
